

New Phase in Progress on Parley's Trail

Parleys Rails, Trails, and Tunnels (PRATT) Coalition and Salt Lake County have begun obtaining environmental clearances for the third phase of the Parley's Trail project. The paved trail currently ends 2,000 feet west of the I-215 bridge. As illustrated in the map below, phase three will extend the paved trail through Parley's Historic Nature Park and Tanner Park.

Construction on this phase of Parley's Trail is expected to begin Fall of 2008.
