My early Christmas cards with Judy & Mark. I love the snow, but why don't they notice that black and white photos don't highlight my features very well?

Hello.

My name is Molly Crockett.

would you please vote for my person? His name is Mark.

He, my mom (Judy) and I love to hike up the canyon, but we don't get to very often.

Why does everyone else get to run around without a leash, but not me? It's just plain dog-ism. Mark says we will find new places for us to play - Yippee!

Mark teaching me to swim in Southern Utah. I was shivering at first, but now you can't keep me out of the water.
